Autumn Entwined

Trellis Time

Railroad Crossing Table Set

Mini Kaleidoscope

A Message from Bonny

At the time I am writing this, the world is locked down due to Covid-19. I hope by the time you read this, our world has returned to our new normal. I'm sure all of us will be more diligent with hand washing and using masks when we are ill. Throughout it all, those of us who sew made masks for those who needed them. We also continued quilting and bringing joy to ourselves and others.

This month brings the finale of the **Buzz SawMystery**. I love mystery quilts and am eager to see how my version turns out. If you aren't a fan of mysteries, you can now select the fabric and make your **Buzz Saw** quilt. We are halfway through both the **Rustic Queen Mystery** and the **701 Variation Mystery**. In another couple of months, those designs will be revealed.

Trellis Time is another of my designs that uses five 1-yard cuts of fabric. I hope you enjoy this pattern. Sue Beever shares a marvelous pattern with **Railroad Crossing Table Set**. There are multiple table runners and placemats from which to choose.

For the foundation paper-piecing fans, **Mini Kaleidoscope** from Amy Stirrup will be a fast and fun project. **Autumn Entwined** by RaeLyn Boothe is a traditional pieced project that would shine in many color palettes. The autumn colors are wonderful, but patriotic and other holiday-themed fabric would be great choices, too.

This issue also has excellent articles and a book review. It is no wonder our subscribers brag about the great value they receive with their subscription to **The Quilt Pattern Magazine**. I hope you and your family are doing well. Take care,

Bonny

Our Commitment to Our Readers and to Quality

Here, at *The Quilt Pattern Magazine*, we are committed to bringing you top-quality patterns that you can depend upon. Our designers are required to have completed their original quilts and to have their patterns tested before submitting them to us. Our team of editors (who are all quilters, too!) then format the patterns (retaining national spellings) and send them out for testing again. Our testers follow the directions from beginning to end, making the entire top (not just a few blocks), including multiple sizes when necessary, to ensure that the materials list, directions, illustrations, and templates are all accurate.
