## A Message from Nan

I just love November for so many reasons! It's FALL YA'LL, my favorite time of the year. The colors (orange is my favorite), the fall decorations, walking in the leaves, the pumpkin spice lattes, and everything pumpkin. I just love Fall. It's also my birthday month plus Thanksgiving. Sometimes they are on the same day! It's a time to be grateful and thankful for so many things. That is especially true this year with all that has been happening in our world.

*Nan Baker*

However, I think one thing that has brought us joy is that we have been able to quilt more than we usually do. We have cleaned out our sewing rooms, found "new" fabrics that we forgot we had and some we wondered why we bought in the first place. We have finished UFOs and possibly have made a dent in our stash! We have started projects that have been on our lists for several years. We have made Kennel Quilts, Quilts of Valor, Quilts for Project Linus, plus other charity quilts. There is nothing as rewarding or gratifying as doing something that will benefit either an animal or a human during a difficult time. And so we are thankful that we quilt.

With this month's issue, there are some quick fun projects that will make you even more thankful. If you are tied up in ***Knots***, then take a walk down a ***Brick Path*** and relax. Or if you wish to take out your frustrations in another way, head over to the ***Barn Dance*** and dance away. But take some time to be creative and make something pretty. It's ***Tulip Time***, so plant some of those bulbs to be blooming for the holidays. If you like a little mystery, you won't be disappointed as there will be a new one starting this month.

We as quilters are very fortunate indeed because we have been able to create something beautiful when we had time on our hands. And for that, we should be very thankful!

Happy Thanksgiving!

Until next time,

---

### Our Commitment to Our Readers and to Quality

Here, at *The Quilt Pattern Magazine*, we are committed to bringing you top-quality patterns that you can depend upon. Our designers are required to have completed their original quilts and to have their patterns tested before submitting them to us. Our team of editors (who are all quilters, too!) then format the patterns (retaining national spellings) and send them out for testing again. Our testers follow the directions from beginning to end, making the entire top (not just a few blocks), including multiple sizes when necessary, to ensure that the materials list, directions, illustrations, and templates are all accurate.
