

Just For the Fun of it!

Quilty Crossword Puzzle #4

By Cindy Mccoy

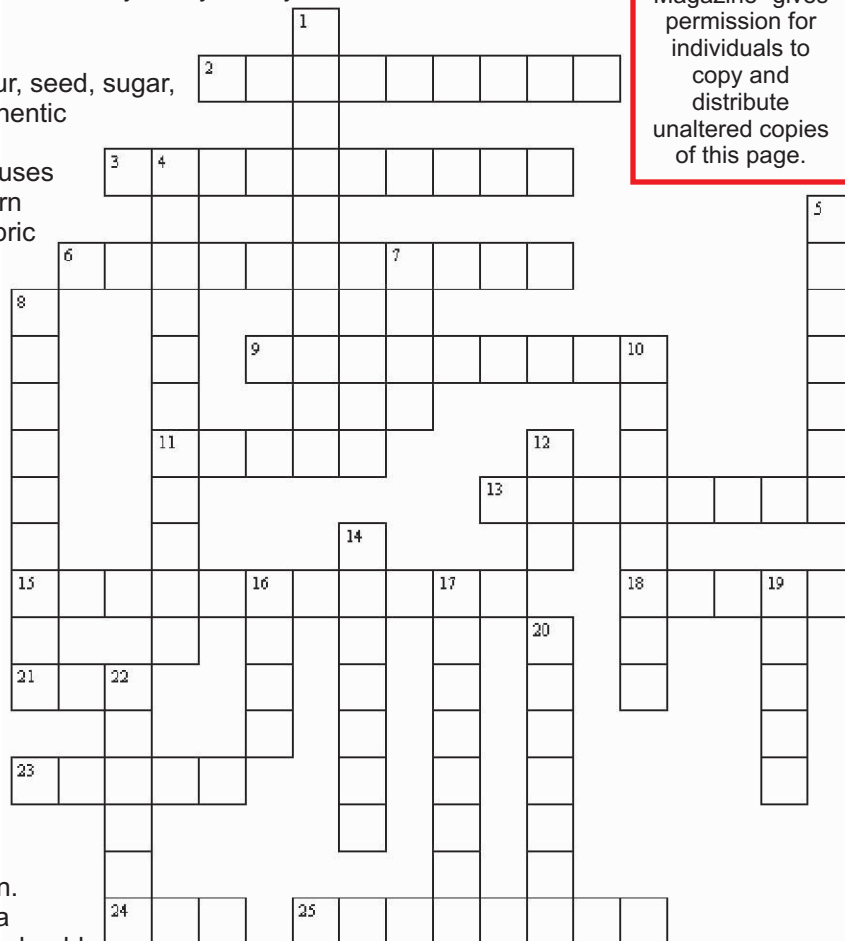

"The Quilt Pattern Magazine" gives permission for individuals to copy and distribute unaltered copies of this page.

ACROSS

2. Material originally used to hold flour, seed, sugar, salt, etc. Now highly prized for authentic reproduction quilts.
3. A method of machine piecing that uses muslin or light fabric with the pattern printed on it. You sew pieces of fabric to the pattern-printed fabric.
6. The part of the sewing machine that holds the fabric flat against the throat plate during stitching. (2 words)
9. A quilt that is made with different blocks, each signed by different people.
11. A seam allowance that is 2 or 3 threads less than 1/4".
13. To lay the backing, batting and top of a quilt together to prepare it for quilting.
15. A hand stitch used to secure the folded edge of fabric to another piece of fabric. Used to secure appliqué pieces and to hand finish quilt bindings.
18. A quilt block that is divided into nine equal divisions. a 9-_____ looks like a tic-tac-toe grid.
21. English Paper Piecing abbreviation.
23. An arrow or line that is printed on a pattern to indicate how the pattern should be laid on the fabric before cutting.
24. The upper layer of a quilt.
25. Another term for on point.

DOWN

1. A method of hand appliqué where the point of the needle is used to fold under raw edges as they are stitched to the background fabric.
4. Another term for whipstitch.
5. The process of joining layers of fabric before quilting. You can use long hand stitches, safety pins or a tack gun.
7. To undo previously done stitches. _____ stitch is called so for the phrase, "rip it, rip it, rip it". Sounds like an amphibian.
8. Sewing machine stitch with a narrow-width stitch using nylon thread.

10. A loosely woven fabric, many times a plaid, handloomed from hand spun yarns.
12. The unfinished edge of cut fabric.
14. Borders or bindings sewn together on the corners with a 45-degree angle versus perpendicular angles.
16. Local, national or international events where quilts are entered in contests and judged based on predetermined factors.
17. The term used when dye from a fabric rubs onto an adjacent piece of fabric.
19. A patchwork quilt made from many blocks. Traditionally, no two blocks are made from the same fabric. It is called a _____ quilt.
20. A short needle that is used for quilting. The higher the number, the shorter the needle.
22. A piece of fabric that is 11" x 18" or 9" x 22".
